CERTIFICATION BODY FOR MANAGEMENT SYSTEMS, PRODUCTS AND PERSONS

Member of DQS-Group

Kifisia, 12 June 2017

TO WHOM IT MAY CONCERN

We herewith confirm that the “new” Solar Water Systems’ family “Sime Natural S (versLP)” – manufactured by FONDERIE SIME S.p.A. – is the same compared to “Sime Natural S” solar water systems’ family.

The only difference between the two products is the height of the support base, a difference which doesn’t affect to the technical characteristics of the solar systems as well as to their efficiencies.

Since the family of “Sime Natural S” solar systems is Solar Keymark certified (OEM 9965/14/1) - a certification which is based on Test Reports 6033 DE3, 6033 DE8, 6033 F3 & 6033 F6, all issued by “Demokritos” Solar Energy systems Lab, located in Greece – new product “Sime Natural S (versLP)” should be considered as Solar Keymark certified.

Please do not hesitate to contact us for any information.

Yours sincerely

Ioannis Alexiou
Chemical Engineer, MBA
