

## Composición Kit Solar Top

| Descripción                                     | Ref.        | 1V/120 | 1V/150 | 2V/200 | 2V/300 | 3V/500 | 2V/300+ | 1H/120 | 1H/150 | 2H/200 | 2H/300 | 3H/500 |
|---|-------------|--------|--------|--------|--------|--------|---------|--------|--------|--------|--------|--------|
|   |             | 1V/120 | 1V/150 | 2V/200 | 2V/300 | 3V/500 | 2V/300+ | 1H/120 | 1H/150 | 2H/200 | 2H/300 | 3H/500 |
| Panel solar F3-1                                | 77.00.965   |        |        |        |        |        | 2       |        |        |        |        |        |
| Panel solar F3-1Q                               | 77.01.543   |        |        |        |        |        |         | 1      | 1      | 2      | 2      | 3      |
| Panel solar CFK-1                               | 77.00.847   | 1      | 1      | 2      | 2      | 3      |         |        |        |        |        |        |
| Soportación sobre tejado 1 panel vertical       | 24.84.129   | ●      | ●      |        |        |        |         |        |        |        |        |        |
| Soportación sobre tejado 2 paneles verticales   | 24.84.130   |        |        | ●      | ●      |        | ●       |        |        |        |        |        |
| Soportación sobre tejado 3 paneles verticales   | 24.84.131   |        |        |        |        | ●      |         |        |        |        |        |        |
| Soportación sobre tejado 1 panel horizontal     | 24.84.132   |        |        |        |        |        |         | ●      | ●      |        |        |        |
| Soportación sobre tejado 2 paneles horizontales | 24.84.133   |        |        |        |        |        |         |        |        | ●      | ●      |        |
| Soportación sobre tejado 3 paneles horizontales | 24.84.134   |        |        |        |        |        |         |        |        |        |        | ●      |
| Soportación Cubierta plana 1 panel vertical     | 55.40.620N  | ●      | ●      |        |        |        |         |        |        |        |        |        |
| Soportación Cubierta plana 2 panel verticales   | 55.40.621N  |        |        | ●      | ●      |        | ●       |        |        |        |        |        |
| Soportación Cubierta plana 3 panel verticales   | 55.40.622N  |        |        |        |        | ●      |         |        |        |        |        |        |
| Soportación Cubierta plana 1 panel horizontal   | 55.40.630N  |        |        |        |        |        |         | ●      | ●      |        |        |        |
| Soportación Cubierta plana 2 panel horizontales | 55.40.631N  |        |        |        |        |        |         |        |        | ●      | ●      |        |
| Soportación Cubierta plana 3 panel horizontales | 55.40.632N  |        |        |        |        |        |         |        |        |        |        | ●      |
| Compensador de temperatura                      | 20.00.030   |        |        | 2      | 2      | 4      | 2       |        |        | 2      | 2      | 4      |
| Interacumulador 120                             | BASIC120    | 1      |        |        |        |        |         | 1      |        |        |        |        |
| Interacumulador 150                             | BASIC150    |        | 1      |        |        |        |         |        | 1      |        |        |        |
| Interacumulador 200                             | BASIC200    |        |        | 1      |        |        |         |        |        | 1      |        |        |
| Interacumulador 300                             | BASIC300    |        |        |        | 1      |        | 1       |        |        |        | 1      |        |
| Interacumulador 500                             | BASIC500    |        |        |        |        | 1      |         |        |        |        |        | 1      |
| Kit para conexión                               | 24.82.410   | 1      | 1      | 1      | 1      | 1      | 1       | 1      | 1      | 1      | 1      | 1      |
| Grupo hidráulico solar 10 paneles               | 24.84.991   | 1      | 1      | 1      | 1      | 1      | 1       | 1      | 1      | 1      | 1      | 1      |
| Purgador  | 24.44.050   | 1      | 1      | 1      | 1      | 1      | 1       | 1      | 1      | 1      | 1      | 1      |
| Envase 10 kg. WOLF-BlueSun                      | 35.01.5235C | 1      | 1      |        |        |        |         | 1      | 1      |        |        |        |
